Preface xiii

PART I About Human Development

Chapter 1 The Study of Human Development

Focus: Victor, the Wild Boy of Aveyron 5

How The Study of Human Development Evolved 7

Early Approaches 7

Studying the Life Span 8

Human Development Today: An Introduction to the Field 8

Developmental Processes: Change and Stability 9

Domains of Development 9

Periods of the Life Span 10

Influences on Development 11

Heredity, Environment, and Maturation 12

Major Contextual Influences 13

BOX 1-1 Digging Deeper: Studying the Life Course: Growing Up in Hard Times 17

Normative and Nonnormative Influences 18

Timing of Influences: Critical or Sensitive Periods 18

Baltes's Life-Span Developmental Approach 19

BOX 1-2 Practically Speaking: How Important Is Timing in Language Acquisition? 20

Chapter 2 Theory and Research

Focus: Margaret Mead, Pioneer in Cross-Cultural Research 25

Basic Theoretical Issues 27

Issue 1: Which Is More Important: Heredity or Environment? 27

Issue 2: Is Development Active or Passive? 28

Issue 3: Is Development Continuous, or Does It Occur in Stages? 28

An Emerging Consensus 29

Theoretical Perspectives 29

Perspective 1: Psychoanalytic 29

Perspective 2: Learning 33

Perspective 3: Cognitive 35

Perspective 4: Evolutionary/Sociobiological 38

Perspective 5: Contextual 39

BOX 2-1 Digging Deeper: The Adaptive Value of Immaturity 40
How Theory and Research Work Together 43

Research Methods 43

Sampling 44

Forms of Data Collection 45

Basic Research Designs 47

BOX 2-2 Window on the World: Purposes of Cross-Cultural Research 49

Developmental Research Designs 52

Ethics of Research 55

PART 2 Beginnings

Chapter 3 Forming a New Life

Focus: Abel Dorris and Fetal Alcohol Syndrome 61

Conceiving New Life 63

How Fertilization Takes Place 63

What Causes Multiple Births? 64

Mechanisms of Heredity 65

The Genetic Code 65

What Determines Sex? 66

Patterns of Genetic Transmission 67

Genetic and Chromosomal Abnormalities 69

Genetic Counseling and Testing 74

Nature and Nurture: Influences of Heredity and Environment 75

Studying Heredity and Environment 75

BOX 3-1 Practically Speaking: Genetic Testing and Genetic Engineering 76

How Heredity and Environment Work Together 79

Some Characteristics Influenced by Heredity and Environment 82

Prenatal Development 86

Stages of Prenatal Development 86

Environmental Influences: Maternal Factors 92

BOX 3-2 Digging Deeper: Fetal Welfare versus Mothers' Rights 96

Environmental Influences: Paternal Factors 99

Monitoring Prenatal Development 100

Prenatal Care 102

Chapter 4

Physical Development During the First Three Years

Focus: The Birth of Elvis Presley 107

The Birth Process 109

Stages of Childbirth 109

Methods of Delivery 110

Settings, Attendants and Methods of Delivery 110

The Newborn Baby 113

Size and Appearance 113

Body Systems 114

States of Arousal 114

Survival and Health 115

BOX 4-1 Window on the World: Sleep Customs 116

Medical and Behavioral Assessment 116

Complications of Childbirth 118

Can a Supportive Environment Overcome Effects of Birth Complications? 121

Death during Infancy 122

Immunization for Better Health 125

Early Physical Development 125

Principles of Development 125

Physical Growth 125

Nutrition 127

The Brain and Reflex Behavior 129

Early Sensory Capacities 136

Motor Development 137

BOX 4-2 Digging Deeper: The Far-Reaching Implications of Crawling 140

Chapter 5

Cognitive Development During the First Three Years

Focus: "Doddy" Darwin, Naturalist's Son 147

Studying Cognitive Development: Classic Approaches 149

Behaviorist Approach: Basic Mechanics of Learning 149

Psychometric Approach: Developmental and Intelligence Testing 152

Piagetian Approach: The Sensorimotor Stage 156

BOX 5-1 Window on the World: Playing Peekaboo 160

Studying Cognitive Development: Newer Approaches 164

Information-Processing Approach: Perceptions and Representations 164

Cognitive Neuroscience Approach: The Brain's Cognitive Structures 171

Social-Contextual Approach: Learning from Interactions with Caregivers 172

Language Development 172

Sequence of Early Language Development 173

Characteristics of Early Speech 176

BOX 5-1 Digging Deeper: Can Toddlers "Read" Others' Wishes? 177

Classic Theories of Language Acquisition: The Nature-Nurture Debate 177

Influences on Early Language Development 179

Preparing for Literacy: The Benefits of Reading Aloud 182

Chapter 6

Psychosocial Development During the First Three Years

Focus: Mary Catherine Bateson, Anthropologist 187

Foundations of Psychosocial Development 189

Emotions 189

Temperament 195

Earliest Social Experiences: The Infant in the Family 198

BOX 6-1 Window on the World: Fatherhood in Three Cultures 200

Developmental Issues in Infancy 201

Developing Trust 201

Developing Attachments 202

Emotional Communication with Caregivers: Mutual Regulation 208

BOX 6-2 Digging Deeper: How a Mother's Depression Affects Mutual Regulation? 209

Stranger Anxiety and Separation Anxiety 210

Social Referencing 211

Developmental Issues in Toddlerhood 211

The Emerging Sense of Self 212

Development of Autonomy 213

Socialization and Internalization: Developing a Conscience 214

Contact with Other Children 217

Siblings 217

Sociability with Nonsiblings 217

Children of Working Parents 218

Effects of Parental Employment 218

The Impact of Early Child Care 218

PART 3 Early Childhood

Chapter 7

Physical and Cognitive Development in Early Childhood

Focus: Wang Yan, Self-Taught Artist 227

PHYSICAL DEVELOPMENT 229

Aspects of Physical Development 229

Bodily Growth and Change 229

Nutrition and Oral Health 230

Sleep Patterns and Problems 231

Motor Skills 232

Health and Safety 234

Minor Illnesses 235

Accidental Injuries and Deaths 235

Health in Context: Environmental Influences 236

COGNITIVE DEVELOPMENT 238

Piagetian Approach: The Preoperational Child 238

Advances in Preoperational Thought 238

Immature Aspects of Preoperational Thought 243

Do Young Children Have Theories of Mind? 245

BOX 7-1 Digging Deeper: Imaginary Companions 248

Language and Other Cognitive Abilities 249

Language Development 249

Information-Processing Approach: Memory Development 254

BOX 7-2 Practically Speaking: How Reliable Is Children's Eyewitness Testimony? 256

Intelligence: Psychometric and Vygotskian Approaches 258

Early Childhood Education 260

Goals and Types of Preschools: A Cross-Cultural View 260

Compensatory Preschool Programs 261

The Transition to Kindergarten 262

Chapter 8

Psychosocial Development in Early Childhood

Focus: Isabel Allende, Militant Writer 267

The Developing Self 269

The Self-Concept and Cognitive Development 269

Understanding Emotions 270

Erikson: Initiative versus Guilt 271

Self-Esteem 272

Gender 273

Gender Differences 273

Perspectives on Gender Development: Nature and Nurture 274

Play: The Business of Early Childhood 281

Types of Play 281

The Social Dimension of Play 282

How Gender Influences Play 283

How Culture Influences Play 283

Parenting 284

Forms of Discipline 284

BOX 8-1 Practically Speaking: The Case Against Corporal Punishment 286

Parenting Styles 288

Promoting Altruism and Dealing with Aggression and Fearfulness 289

Families in Trouble: Child Abuse and Neglect 294

Maltreatment: Facts and Figures 294

Contributing Factors: An Ecological View 295

Effects of Maltreatment 296

Relationships with Other Children 298

Siblings—or Their Absence 298

Playmates and Friends 299

BOX 8-2 Window on the World: A Nation of Only Children 300

PART 4 Middle Childhood

Chapter 9

Physical and Cognitive Development in Middle Childhood

Focus: Ann Bancroft, Polar Explorer 307

PHYSICAL DEVELOPMENT 309

Aspects of Physical Development 309

Growth 309

Nutrition 310

Motor Development 312

Health and Safety 313

BOX 9-1 Digging Deeper: Children's Understanding of Illness 314

Medical Problems 314

Accidental Injuries 316

COGNITIVE DEVELOPMENT 317

Piagetian Approach: The Concrete Operational Child 317

Cognitive Advances 317

Moral Reasoning 320

Information Accessing and Intelligence 320

Memory and Other Processing Skills 321

Psychometric Approach: Testing Intelligence 324

Language and Literacy	329
Vocabulary, Grammar, and Syntax	329
Pragmatics: Knowledge about Communication	330
Literacy	330
The Child in School	332
Entering First Grade	332
Influences on School Achievement	332
BOX 9-2 Practically Speaking:	<i>The Homework Debate</i> 336
Second-Language Education	338
Children with Learning Problems	340
Gifted Children	343

Chapter 10 Psychosocial Development in Middle Childhood

Focus:	<i>Marian Anderson, Operatic Trailblazer</i>	349
The Developing Self		351
Representational Systems: A Neo-Piagetian View		351
Self-Esteem		352
Emotional Growth		353
The Child in the Family		354
Family Atmosphere		355
Family Structure		358
BOX 10-1 Digging Deeper:	<i>Should Parents Stay Together for the Sake of the Children?</i>	362
Sibling Relationships		365
The Child in the Peer Group		366
Positive and Negative Influences of Peer Relations		366
Popularity		367
Friendship		367
BOX 10-2 Window on the World:	<i>Popularity: A Cross-Cultural View</i>	368
Aggression and Bullying		370
Mental Health		374
Common Emotional Disorders		374
Treatment Techniques		376
Stress and Resilience: Protective Factors		377

PART 5 Adolescence

Chapter 11 Physical and Cognitive Development in Adolescence

Focus: <i>Anne Frank, Diarist of the Holocaust</i>	385
Adolescence: A Developmental Transition	387
PHYSICAL DEVELOPMENT	388
Puberty: The End of Childhood	388

How Puberty Begins	389
Timing, Sequence, and Signs of Maturation	389
Physical and Mental Health	393
Physical Fitness	394
Sleep Needs	395
Nutrition and Eating Disorders	395
Use and Abuse of Drugs	398
Depression	399
Death in Adolescence	400

BOX 11-1 Practically Speaking:	<i>Preventing Teen Suicide</i>	401
---------------------------------------	--------------------------------	-----

COGNITIVE DEVELOPMENT 402

Aspects of Cognitive Maturation	402
Piaget's Stage of Formal Operations	402
Language Development	405
Elkind: Immature Characteristics of Adolescent Thought	405
BOX 11-2 Window on the World:	<i>Puberty: The Dialect of Adolescence</i>
Moral Reasoning: Kohlberg's Theory	407
Educational and Vocational Issues	411
Influences on School Achievement	412
Dropping out of High School	416
Educational and Vocational Preparation	417

Chapter 12 Psychosocial Development in Adolescence

Focus:	<i>Jackie Robinson, Baseball Legend</i>	423
The Search for Identity 425		
Erikson: Identity versus Identity Confusion		425
Marcia: Identity Status—Crisis and Commitment		426
Gender Differences in Identity Formation		428
Ethnic Factors in Identity Formation		429
Sexuality 430		
Sexual Orientation		430
Sexual Behavior		431
Sexual Risk Taking		433
Sexually Transmitted Diseases		435
BOX 12-1 Window on the World:	<i>Preventing Teenage Pregnancy</i>	436
Teenage Pregnancy and Childbearing		439
Relationships with Family, Peers, and Adult Society 439		
Is Adolescent Rebellion a Myth?		440
Changing Time Use and Changing Relationships		440
Adolescents and Parents		441
Adolescents and Siblings		445
Adolescents and Peers		446
Adolescents in Trouble: Antisocial Behavior and Juvenile Delinquency		448
BOX 12-2 Digging Deeper:	<i>The Youth Violence Epidemic</i>	450

PART 6 Young Adulthood

Chapter 13 Physical and Cognitive Development in Young Adulthood

Focus: Arthur Ashe, Tennis Champion 457

PHYSICAL DEVELOPMENT 459

Health and Physical Condition 459

Health Status 459

Genetic Influences on Health 460

Behavioral Influences on Health and Fitness 460

BOX 13-1 Practically Speaking: Sleep Deprivation 461

Indirect Influences on Health and Fitness 466

Sexual and Reproductive Issues 469

Sexually Transmitted Diseases (STDs) 469

COGNITIVE DEVELOPMENT 472

Perspectives on Adult Cognition 472

Beyond Piaget: The Shift to Postformal Thought 472

Schae: A Life-Span Model of Cognitive Development 474

Sternberg: Insight and Know-How 475

Emotional Intelligence 477

Moral Development 478

The Seventh Stage 480

Gender and Moral Development 480

BOX 13-2 Digging Deeper: The Development of Faith Across
the Life Span 482

Education and Work 482

The Transition to College 482

Entering the World of Work 485

Cognitive Complexity of Work 486

Adult Education and Literacy 486

Chapter 14 Psychosocial Development in Young Adulthood

Focus: Ingrid Bergman, "Notorious" Actress 491

Personality Development: Four Views 493

Normative-Stage Models 493

Timing-of-Events Model 495

Trait Models: Costa and McCrae's Five Factors 496

Typological Models 498

Integrating Approaches to Personality Development 498

Foundations of Intimate Relationships 500

Friendship 501

Love 501

BOX 14-1 Window on the World: Cultural Conceptions
of Love 502

Sexuality: Issues and Attitudes 503

Nonmarital and Marital Lifestyles 504

Single Life 505

Gay and Lesbian Relationships 505

Cohabitation 506

Marriage 508

BOX 14-2 Practically Speaking: Dealing with Domestic
Violence 510

Parenthood 512

Becoming Parents 512

Parenthood as a Developmental Experience 513

How Dual-Earner Families Cope 515

When Marriage Ends 517

Divorce 517

Remarriage and Stepparenthood 518

PART 7 Middle Adulthood

Chapter 15 Physical and Cognitive Development in Middle Adulthood

Focus: Mahatma Gandhi, Father of a Nation 525

Middle Age: A Cultural Construct 527

When Is Middle Age? 528

The Meaning of Middle Age 528

PHYSICAL DEVELOPMENT 529

Physical Changes 529

Sensory and Psychomotor Functioning 529

Structural and Systemic Changes 531

Sexuality and Reproductive Functioning 532

BOX 15-1 Window on the World: Japanese Women's
Experience of Menopause 534

Health 538

Health Concerns 538

Indirect Influences on Health: Socioeconomic Status 540

Indirect Influences on Health: Race/Ethnicity 540

Women's Health After Menopause 541

Influence of Emotional States, Personality and Stress 544

COGNITIVE DEVELOPMENT 550

Measuring Cognitive Abilities in Middle Age 550

The Distinctiveness of Adult Cognition 552

- The Role of Expertise 552
- Integrative Thought 554
- Practical Problem Solving 554

BOX 15-2 Digging Deeper: Moral Leadership in Middle and Late Adulthood 555

Creativity 556

- Creativity and Intelligence 557
- Creativity and Age 558

Work and Education: Are Age-Based Roles Obsolete? 558

- Occupational Patterns and Paths 559
- Work versus Early Retirement 560
- Work and Cognitive Development 560
- The Mature Learner 561

Chapter 16

Psychosocial Development in Middle Adulthood

Focus: Madeleine Albright, Top-Ranking Diplomat 565

Looking at the Life Course in Middle Age 567

Change at Midlife: Classic Theoretical Approaches 568

- Normative-Stage Models 568
- Timing of Events: The Social Clock 570

BOX 16-1 Window on the World: A Society Without Middle Age 571

The Self at Midlife: Issues and Themes 572

- Is There a Midlife Crisis? 572
- Identity Development 573
- Psychological Well-Being and Positive Mental Health 578

Changes in Relationships at Midlife 582

- Theories of Social Contact 582
- Relationships and Quality of Life 583

Consensual Relationships 584

- Marriage 584
- Midlife Divorce 585
- Gay and Lesbian Relationships 586
- Friendships 587

Relationships with Maturing Children 587

- Adolescent Children: Issues for Parents 588
- When Children Leave: The Empty Nest 588
- Parenting Grown Children 589
- Prolonged Parenting: The "Cluttered Nest" 589

Other Kinship Ties 590

- Relationships with Aging Parents 590

BOX 16-2 Practically Speaking: Preventing Caregiver Burnout 593

- Relationships with Siblings 594
- Grandparenthood 594

PART 8

Late Adulthood

Chapter 17

Physical and Cognitive Development in Late Adulthood

Focus: John Glenn, Space Pioneer 605

Old Age Today 607

- The Graying of the Population 607
- "Young Old," "Old Old," and "Oldest Old" 609

PHYSICAL DEVELOPMENT 610

Longevity and Aging 610

- Trends and Factors in Life Expectancy 610
- Why People Age 613
- How Far Can the Life Span Be Extended? 615

BOX 17-1 Digging Deeper: Do "Anti-Aging" Remedies Work 616

Physical Changes 618

- Organic and Systemic Changes 618
- The Aging Brain 619
- Sensory and Psychomotor Functioning 619

BOX 17-2 Practically Speaking: New Environments for an Aging Population 620

- Sexual Functioning 623

Physical and Mental Health 624

- Health Status and Health Care 624
- Influences on Health 625
- Mental and Behavioral Problems 626

COGNITIVE DEVELOPMENT 630

Aspects of Cognitive Development 630

- Intelligence and Processing Abilities 630
- Memory: How Does It Change? 636
- Wisdom 639

Lifelong Learning 641

Chapter 18

Psychosocial Development in Late Adulthood

Focus: Jimmy Carter, "Retired" President 645

Theory and Research on Psychosocial Development 647

- Stability of Personality Traits 647
- Normative Issues and Tasks 648

BOX 18-1 Digging Deeper: Does Personality Predict Health and Longevity? 649

Models of Coping	650
Models of "Successful" or "Optimal" Aging	653
Lifestyle and Social Issues Related to Aging	656
Work, Retirement, and Leisure	656
BOX 18-2 Window on the World: Aging in Japan	657
Living Arrangements	662
Mistreatment of the Elderly	667
Personal Relationships in Late Life	668
Social Contact	668
Consensual Relationships	671
Long-Term Marriage	671
Divorce and Remarriage	672
Widowhood	672
Single Life	672
Gay and Lesbian Relationships	673
Friendships	673
Nonmarital Kinship Ties	675
Relationships with Adult Children—or Their Absence	675
Relationships with Siblings	676
Becoming Great-Grandparents	677

PART 9 The End of Life

Chapter 19 Dealing with Death and Bereavement

Focus: Louisa May Alcott, *Devoted Sister* 683

The Many Faces of Death	685
The Cultural Context	685
The Mortality Revolution	686
Care of the Dying	687
Facing Death and Loss: Psychological Issues	688
Confronting One's Own Death	688
Patterns of Grieving	690
Death and Bereavement Across the Life Span	691
Childhood and Adolescence	691
BOXES 19-1 Digging Deeper: Ambiguous Loss	692
Adulthood	694
Special Losses	694
Surviving a Spouse	694
Losing a Parent in Adulthood	696
Losing a Child	697
Mourning a Miscarriage	698
Medical, Legal, and Ethical Issues: The "Right to Die"	698
Suicide	698
Aid in Dying	699
BOXES 19-2 Window on the World: Organ Donation: The Gift of Life	701
Finding Meaning and Purpose in Life and Death	703
Reviewing a Life	704
Development: A Lifelong Process	704
